## PROCION TIE DYE THICKENER

For use with Procion MX or Drimarene Reactive Dyes.  
This powder is used to slightly thicken Procion dye solutions for Tie Dye and will limit the bleed of the dye on fabric for sharper edges and less colour bleed.

1. Dissolve 100gms powder in 1Ltr of warm/hot water.
2. Stir until all the powder is dissolved and allow to thicken. If you want it to be thicker, add more powder.
3. Add 1 teaspoon of Methylated Spirits as a preservative. The solution can be kept for future use in a cool dry place.
4. Dissolve dye in a small amount of hot water.
5. Mix thickened solution with dyes and apply with a brush or squeeze bottle.
6. Wrap in plastic and allow to air fix for 12-24 hours or steam for 40mins.

Wash clothes separately for the first few washes.

**SAFETY DIRECTIONS: DYES AND CHEMICALS - AVOID INGESTION, INHALATION, EYE & SKIN CONTACT. KEEP OUT OF REACH OF CHILDREN.** If swallowed DO NOT induce vomiting. Rinse mouth with water, give plenty of milk or water, Seek Medical Advice. This class of dye generally has LOW ORAL TOXICITY, but some colours may cause respiratory and/or skin sensitisation/irritation, always handle with care.
